COACHING SPECIALTIES

- Igniting high performance in your business or career

COACHING PASSION

As a Business coach my focus and passion lies with untapping the Peak Performer within you and letting this reflect in your business or career. Global statistics show that 78% of the current work force is disengaged from their work. That's an incredibly high percentage. Do you or any of your team members fall within this 78%? There may be several causes for one to disengage from their work, however the majority of the time it is one of two reasons:- 1. Uninspired, uninterested, simply not passionate about the work at hand; or 2. Fatigue, burnout, physically unable to perform. Using a tried and tested process I can assist you, or your team member, to uncover the cause for your lack of peak performance and together we can explore what motivates you and co-create an action plan to move you forward. If you are ready for such a change, I would be grateful for the opportunity to work with you and believe we could enjoy this journey together.

WORK EXPERIENCE

I am a business enthusiast and view business as an extension of yourself and the process thereof to be thrilling, challenging, and rewarding. I have been fortunate to:- 1. Directed my own law firm for almost 10 years; 2. Co-directed a property development company for 3 years; 3. Establish a self-storage facility business in 2009, which I still currently co-own; 4. Facilitated an international Leadership programme for 4 years; 5. Assisted with a NGO: Women in Law for 2 years; 6. Founded Full Circle Business Coaching practice in 2019.
